

## 6" PIPE THREADING MACHINE

**MODEL NO. 6590**

This machine has self-opening notch-type die heads with through-the-die head oiling. These die heads offer accuracy and quick changes between pipe sizes while providing quality threads. The 6590 is totally gear driven and powered by a condenser motor, producing extremely low noise levels. Quiet operation permits use in hospitals, factories and in other locations where noise can be a problem. Completely equipped to cut, thread and ream.

**6" SIZE EXCLUSIVE TO WHEELER-REX**
