Model 2500 KWIKSNAP

HIGH PERFORMANCE

Production Soil Pipe Cutting Center

KwikSnap is the fast, accurate and dust-free solution to your highest volume soil pipe cutting requirements.

The name really says it all...**KwikSnap**. This unique machine combines our legendary "Snap-Cut" chain cutting technology with advanced hydraulics to create a powerful and fast production cutting center. Extremely portable, KwikSnap can easily keep pace with your most aggressive soil pipe cutting requirements. See it in action today...contact your local Wheeler-Rex distributor to arrange for a demo or watch it in action on-line at www.wheelerrex.com/videos

Features:

- Soil pipe cutting capacity from 1-1/2" to 6" OD
- 3.5 second cutting cycle time
- Unique chain design eliminates the need to reset for each cut on the same size pipe
- Semi-automatic operation
- Significantly cleaner than sawing soil pipe...virtually no airborne particles are generated when cutting
- Dual pressure switches for safe operation
- Extremely portable design, easily fits through any standard doorway
- Replaceable cutter chain

Specifications:

- Overall dimensions: 32" x 20" x 50"
- 10" All-terrain pneumatic wheels
- 1 hp. electric motor, 11.2 amps, 60 Hz
- Hydraulic fluid required – 3 quarts, 20W, Mobile DTE 26 or equal
- Operates on standard 110 VAC

In two minutes of cutting time:
